DIARY NOTES

DD/S [REDACTED]

22 October 1963

1. John Tietjen inquired whether I had heard anything from General Carter on his bioelectronic project. I replied negatively and suggested that he pursue this with DD/S&T through Dr. [REDACTED] who is now with DD/S&T. 25X1A9a

2. [REDACTED] Jim Garrison, [REDACTED] and [REDACTED] briefed Gates Lloyd and me on Project [REDACTED]. This is a very interesting project in which the Office of Logistics will be very heavily involved with ordnance requirements. 25X1A2d1

3. [REDACTED] Deputy Chief of Station in [REDACTED] were in to talk with me about the purchase of a house in [REDACTED] for the Deputy Chief of Station at an estimated cost of \$78,000. They seemed to think that this is a very good buy, and I encouraged them to go ahead and work out the details. Before they do anything else, however, the station should ensure that [REDACTED] will support their request. 25X1A6a 25X1A6a

4. [REDACTED] also asked me what my attitude would be toward the purchase of an apartment in [REDACTED] to accommodate some of our junior employees, particularly from the Office of Communications. I said that I was very sympathetic but that our success would probably depend upon the support which we could get from the [REDACTED]. He undertook to explore this informally [REDACTED] before making any formal proposal. 25X1C4a

5. [REDACTED] was in to obtain my approval of the annual refund of UBLIC premiums. The Board proposes to refund 33 1/3 percent, which is the same percentage as refunded in prior years. (I approved of this.) After doing this, our reserve will be \$250,000. It had been understood that when our reserve reached \$200,000 we would consider carefully the question of whether it should be any larger. However, inasmuch as we are contemplating issuing UBLIC insurance in greater amounts, perhaps up to \$30,000, it seems wise to hold the \$250,000 in reserve for the time being.

6. [REDACTED] are both resigning, which disposes of any disciplinary problem. However, I have reminded Emmett Echols that General Carter is still looking to us for a report of whether there was any supervisory failure in these cases and, if so, what is being done about it.
